## EV Expandable Module

Future Hi-Tech Batteries is supplier of lithium battery system for different applications like Agriculture Machinery, eLCV, Pure Electric Vehicle, Forklift, AGV, ESS and many mining industry for Europe and North America market. We support customers with proof of concept, development, full production volume and system integration.

Our lithium battery system can be customized to suit every application. The Battery modules are durable, safe and powerful.

Advanced Modular/Expandable battery with Intelligent Smart Management System gives you extended runtime.

Easy integration and Scalability gives you your required Capacity/Mileage. Small plugin solution is designed for better heat dissipation to deliver optimum performance throughout. Come Pick Click and Go.

- ⚡ Each module is capable of performing as a stand alone battery
- ⚡ Modular battery gives you uninterrupted drive
- ⚡ Pick and choose your desired capacity thus mileage

**Voltage Range: 48V-60V**

**Lifecycles: 500-15,000**

**Chemistries: NMC, LFP, LTO**

**Online Tracking**

**Easy Integration**

**Extended Runtime**

The future lies with  
**Future Hi-Tech**

We are committed to deliver world class  
energy solutions in a safe, reliable, efficient  
and environmentally sound manner.

We are certified for the essential parameters of the  
industry which includes:

Further product qualify and some are certified :  
AIS / R-10 / R-100 / UN38.3 / UNR136 / UL2271 /
